

Declaration

To whom it may concern,

We, RISEN ENERGY Co., Ltd hereby confirm and approve the use of the PV Module's Mounting Bracket (with 4 mounting clamps on the short side frame and a supporting rail on the middle of the long side frame as shown in the ANNEX) of PREMIUM MOUNTING TECHNOLOGIES on the following module(s):

Module Type	4 clamps		4 clamps and additional supports on the middle	
	Front Test Load	Back Test Load	Front Test Load	Back Test Load
RSM120-6-XXXM	2400Pa	2400Pa	5400Pa	2400Pa
RSM132-6-XXXM	2400Pa	2400Pa	5400Pa	2400Pa
RSM144-6-XXXM	1600Pa	1600Pa	5400Pa	2400Pa
RSM156-6-XXXM	1000Pa	1000Pa	5400Pa	2400Pa
RSM144-7-XXXM	1600Pa	1600Pa	5400Pa	2400Pa
RSM40-8-XXXM	2400Pa	2400Pa	5400Pa	2400Pa
RSM110-8-XXXM	1000Pa	1000Pa	4800Pa	2400Pa
RSM120-8-XXXM	1000Pa	1000Pa	4800Pa	2400Pa

All the operation and maintenance shall follow the Installation Manual of RISEN ENERGY . Self-weight deformation of PV Modules mounted on short-side is expected and has no influence on performance. RISEN ENERGY will not be liable for the damage of PV modules due to the faults of the engineering and/or construction and/or designing of PV system such as irregular operation, deformation or breakage or slipping of the bracket or clamp.
